

Perisher PEAK Festival, the perfect start to winter

9-12 JUNE 2017

CELEBRATE the official start of the snow season at Australia's only true snow music festival this June long weekend - Perisher PEAK Festival.

As Perisher Resort comes alive with more than 120 performances from 30 plus artists across 10 live stages, this really is an event that is not to be missed.

"The energy and fun spreads across the entire resort during the PEAK Festival and we truly believe that this is the perfect way to celebrate the start of another great snow season," says Perisher PEAK Festival executive director, Belinda Shore.

"The Festival attracts music lovers from near and far as well as the snow crowd who come to town to celebrate the opening long weekend and we're seeing more first time snow visitors coming to enjoy the tunes while they get a taste of winter fun," said Belinda.

"Last year we had more locals from across the Snowy-Monaro join in for the weekend and we'd love to see more people from across the region getting together with friends and family to experience the festival."

Now in its ninth year, the Festival attracts Australian and international artists from across various music genres including big beat, funk, reggae, roots and more and the line-up this year promises again to deliver some big names and also provide a platform for emerging artists to be discovered.

This year is going to be huge so lock it in and make it happen.

Perisher PEAK Festival is proudly supported by the NSW Government as part of its Regional Flagship Events Program.
